

# Leadership Development Elective Enhancement Project (EEP)

**Convert your leadership development into Masters level credits**

The Elective Enhancement Project (EEP) provides the opportunity to prepare an application for Masters level accreditation during or after taking a leadership development programme with LCLL.

## Details of the Project

The project is an extension of the work you will have undertaken on one of our leadership development programmes. Successful completion of the project is the equivalent of 30 credits towards one of our Masters degrees in Leadership, for example, the MA Educational Leadership.

There are two ways in which you can do this:

- *Either* you can develop a portfolio of your learning while you are taking one of our programmes;
- *Or* you can prepare and submit a 5,000 word assignment after completion of the programme.

In both instances you will be expected to undertake a critical reflection of your learning throughout the leadership programme. This will need to be at the same level of academic rigour as needed for Masters level study. Typically your portfolio or assignment will explore how your learning has impacted on you and/or your colleagues, team and learners in a work setting familiar to you.

Your project will be agreed with the EEP programme leader to ensure it meets M level assessment criteria. Guidance on preparing and submitting your project for assessment will be provided along with a reading list.

The EEP is designed to provide you with the opportunity to deepen your learning through further reading and make both personal and organisational recommendations for how leadership leads to institutional improvement within a changing educational policy context.

On successful completion you will be able to submit a claim for advanced standing on one of our Masters level programmes. Advice and guidance on the process of application will be provided by the EEP programme leader.

To gain a full Master's degree, you need to accrue a total of 180 credits.

## Further details

### How to apply

For further details about how to apply please contact:

[EEP@ucl.ac.uk](mailto:EEP@ucl.ac.uk)

The additional fee for this option is: **£675**
